

A5 Beerline Cleaner

Concentrated alkaline formulation, powerfully active against the build up of yeasts and proteins that can occur in drinks systems. Effectively sanitises and freshens beverage lines.

- Rapidly breaks down yeast and protein deposits
- Suitable for use with beer and soft drink systems
- Non-tainting formulation
- Strong concentrate formulation - economical in use

FOR PROFESSIONAL USE ONLY. Dilute 1:100 with cold fresh water. Drain the system of beverage. Draw cleaning solution through the system and leave in contact with the pipeline and pumps for between 30 - 60 minutes. Flush through and thoroughly rinse the pipeline with fresh, clean water before using the equipment again.
