

## L15 Floor Stripper

Easily breaks down old floor polishes for renovation. Penetrating cleaning action destroys heavy grime and deposits. Can be used in scrubbing machines and also as a heavy duty cleaner for hard, non-polished floors.

- Breaks down and lifts old polish surfaces ready for renovation
- Suitable for use with all scrubbing machines
- Powerful concentrated formula

**FOR PROFESSIONAL USE ONLY.** Avoid contact with aluminium.

**FOR POLISH STRIPPING:** 1. Dilute 1:10 with fresh water. 2. Apply liberally with a mop or machine scrubber and work in well. 3. Leave to work for a few minutes before machine stripping. 4. Remove lifted polish and debris with a mop or wet-vac. 5. Allow floor to dry. 6. Floor may then be mopped with a 1:80 solution of Floor Stripper to ensure surface is thoroughly clean before re-applying polish. Always ensure floor is fully dry before applying polish.

**FOR HEAVY DUTY CLEANING (NON-POLISHED FLOORS ONLY):** Dilute 1:80 with fresh water and apply using mop or machine cleaner.
